LORD FAIRFAX

Peer Was Formerly Albert Kirby Fairfax, and is Native of Commonwealth

Lord Fairfax, of Cameron, was among the 376 passengers which the White Star steamship Baltic from Liverpool, landed at New York Saturday, according to advices received here last night.

Lord Fairfax was formerly Albert Kirby Fairfax, who resided in Virginia, but was a member of a New York and London financial firm. He was born in Virginia in 1871, and is a relative of Mrs. Francis Burton Harrison, the authoress; Fairfax Harrison, president of the Southern Railway, and several other members of the Harrison and Fairfax families.

Lord Fairfax is the son of the late Dr. John Centee Fairfax, of Northampton, Va., from whom he inherited his title. The father had no desire for the dignities of a peerage and made no claim to his rights, preferring always to be called "Dr. Fairfax." The present Lord Fairfax is the twelfth peer in the line of Fairfaxes. Some years ago he decided to claim his title and he took his seat in the House of Lords in 1917.

REMOVES MACKAY

Postal Telegraph President and Associates Dismissed From Government Employ

Washington, March 24.—Clarence H. Mackay, president of the Postal Telegraph Cable Company, was removed Saturday by Postmaster-General Burleson.

Besides Mr. Mackay, orders were issued removing W. W. Cook, general counsel; William S. Deegan, secretary of the board of trustees or directors, and the owners of the Mackay companies operating the Postal systems from all dutie appertaining to the control and operation of service under government control.

A. F. Adams president of the Kansas City Home Telephone Company and a member of the general telegraph and telephone operating board, was appointed by the Postmaster-General to supersede the Postal officials in the management of the systems from all duties appertaining to today to Mr. Deegan, and immediately took over control.

Mr. Mackay was not in the office at the time.

An announcement by the Post-Office Department says that the order removing Messrs. Mackay, Cook and Deegan from the operation of the Postal companies land lines under government control was "made necessary by the fact that since the Post-Office Department refused to grant the company the compensation asked for by them, these officials have refused or failed to follow out the instructions of the department in the management of the properties, and failed to put into operation promptly the wage schedule and the eight-hour day, and in various ways endeavored to embarrass and discredit the government operation of the wires.

DEDICATE K OF C HUT

Mondell, Republican Floor Leader, Warns Yanks of Reds at Exercises at Humphreys—Lauds Fighting Men—P. J. Haltigan Presides.

Representative Frank W. Mondell, of Wyoming, floor leader of the majority in the House of Representatives in the coming Congress, who delivered the principal address at the formal dedication of the new Knights of Columbus main building at Camp Humphreys yesterday afternoon, before 1,000 soldiers and others, referred to bolshevism as a doctrine evolved out of disordered conditions in Europe, which would find some lodgment here if this country is not careful.

"I have every confidence," declared Representative Mondell "that you soldiers will not be misled by any such doctrines. If things are not as you would like to have them, you and your comrades will be the dominating influence in the country, and the America of the future will be very largely what you make it.

"While this country may have 'fallen down' on its program for building guns and airplanes, it certainly has no apologies to offer for the splendid record you have made in camp and field, at home and abroad.

"Never in the history of the world has a people stood behind its soldiers more magnificently and supported goods and influence. I congratulate them more patriotically with their you on the very great interest the people of the country have taken in the welfare of you soldiers—the Knights of Columbus, the Y. M. C. A., other welfare organizations and the self-sacrificing women of the country.

"Most of our great army is soon to be mustered out of service and the duties of citizenship will develop upon you. There is great need that you take a sensible view of things, in view of the extraordinary doctrines that are now being preached. I am sure you young men will perform the duties o fcitizens as well as you have those of soldiers."

P. J. Haltigan, of Washington, grand knight of Carroll Council, K. of C., acted as master of ceremonies, and delivered the opening address. District Deputy Maurice McTuliffe presented the building to Col. Kee, of the United States engineer corps, representing Gen. Morrow, camp commander. Father Bohan, of the Dominican Order, of Washington, also spoke.

Music was furnished by Miss Dora Varney's Orchestra, of Alexandria county. At the close of the exercises refreshments were served by the Women's War Camp Community Service Club of St. Mary's Church this city.

The dedication of the main building completes a chain of eight structures erected by the Knights of Columbus in this camp and vicinity. The new building, of the bungalow type, is one of the largest of its nature in any army camp. It contains a library for the soldiers, a woman's waiting room and a large writing room. There is a broad veranda running the entire length of the building.

Many members of the order from this city and their friends attended.

WHITE MAN IS STRUCK WITH A BRICK

About 6:15 this morning Officers Snellings and German found a white man bleeding and unconscious in what is known as "Chicken Alley," in the 400 block on North Pitt street. He had evidently been struck with a brick. He was removed to the Alexandria Hospital where it is thought his condtion is serious. He is supposed to be J. M. McLeod, of Midland, Ontario, from effects found in his pockets. The police were unable to identify his assailants, who are believed to be a man and a woman. People residing nearby say they heard a scuffle during the night, and a man and a woman were disputing with the stranger.

The murdered body found near Stop 15 on the Petersburg car line on Monday was identified Saturday as that of Pietro Virdis, a munition worker, who lived in Baltimore. Four men are being held in Chesterfield county on suspicion, but late developments in the case lead to the belief that they know nothing of the matter. No motive for the crime, has yet been established.

ANNIVERSARY SERVICES AT FIRST BAPTIST CHURCH.

The third anniversary of the pastorate of Rev. Dr. E. B. Jackson, was celebrated yesterday at the First Baptist Church. There were capacity congregations morning and evening. The music given by the choir was appropriate. All departments of the church work have taken strides forward. Contributions to missions and benevolence have increased greatly. It will be necessary to have the Sunday School divided and have simultaneous opening services in the basement and in the auditorium.

During the present pastorate the handsome parsonage, opposite Christ Church, has been purchased and a teacher training class has been organized. For the past ten weeks the pastor has been delivering a series of Sunday evening sermons on: "The Place of Angels in Human Life," to audiences that fill the main auditorium. This series will be completed in about two more weeks.

The pastor and members note with pleasure the large number of strangers in the congregations and wish to get in touch with them. It is earnestly desired by the church, that members of Baptist churches at other places, shall unite with the First Church, during their stay in the city.

POTOMAC SHAD IN MARKET

Price Ranges From 50 Cents to $1.25 at Fredericksburg.

Fredericksburg, Va., March 24.—The first shad of the season caught in the creeks of the Potomac and the Rappahannock river here were in the market in this city last week. Rock, perch and herring caught in the Potomac are being sent there by Bob Jennings from Passapatanzy Shore. The rock are unusually fine. The catch is large and they range from pan size to 20 and 30 pounds each. Nearly all are being shipped to Philadelphia, where they bring from 30 to 35 cents a pound.

But few herring are coming in from the Potomac, but at Falmouth shores, just above Fredericksburg, the run of herring in the Rappahannock continues good. About 3,000 were caught Friday. Some few shad and quite a number of hickory shad, mullets, perch and carp are also taken. The prices at the shore are $4 a hundred for herring, wholesale; 50 cents a dozen retail. Shad are bringing 50 to 75 cents for bucks and $1 to $1.25 each for roe. Herring are selling from the wagons in this city at 60 cents a dozen.

DOG COMMITS SUICIDE

Reproved by Mistress, Brooklyn Pet Barks Farewell and Leaps Six Stories to Death.

New York, March 24.—"Spot" a brindle bulldog owned by Mrs. Bella Schacter, East Twenty-ninth Street, could stand all the petting a thousand children of the East Side could bestow upon him—but he could not stand reproof from his mistress. That is why he committed suicide Saturday. Mrs. Schacter scolded him. "Spot" glanced reproachfully at her, then, seeing no relenting, walked dignifiedly to the roof. "Spot" walked to the reef's edge, turned, barked as if in farewell, and leaped six stories to his death.

Basle, March 24.—The Austrian Foreign Office has been informed by the Italian Armistice Commission that the associated powers have decided unanimously to suppress the blockade of Austria and Hungary, says a semi-official dispatch received here from Vienna.

Advices received here from Vienna are to the effect that the Council of Ministers has decided to seize provisionally for the purposes of state administration the real and personal property of the reigning families in Austria and also of the archdukes living abroad. The incomes from the real estate received will be paid the owners.

MONROE DOCTRINE SAFE

Final Draft of League of Nations Covenant Will Conform to American Principles by Preserving Sovereign of Individual Nations.

Paris March 24.—The final draft of the league of nations covenant will conform with the American Monroe Doctrine and will meet objections of Republican Senators by preserving the sovereignty of individual nations.

The subcommittee, which is drawing up the language of the amendments to the covenant, has been instructed to so phrase the document as to provide guarantees that all nations will be able to make international relations compatible with their national constitutions.

While the covenant will not specifically mention the Monroe Doctrine, the principle of the American plan will be closely adhered to information of the league treaty.

The Peace Conference has offered a seat in the league of nations commission to Belgium and Switzerland.

The Peace Conference will reconvene at 8.30 Monday when the league will again receive consideration. The conference will also consider the Japanese amendment regarding racial privileges and the French proposal regarding a general staff.

President Wilson was today working on a plan which he hopes will adjust the differences of the nations at the conference, especially that regarding Italian claims to Fiume.

VISITS BATTLEFIELD

Wilson Yesterday At Soissons, Chemin Des Dames, Noyon and Vicinity.

Paris, March 24.—President Wilson, accompanied by Mrs. Wilson; Miss Benham, Mrs. Wilson's secretary and Rear-Admiral Grayson spent yesterday visiting Soissons, the Chemin des Dames, Coucy-le-Chateau, Chauny, Noyon, Montdidier and the neighboring regions. The President followed with the greatest interest the movement of arms in those regions, and received a very vivid impression of the havoc that had been wrought there. On his return to Paris, he said:

"The day has been very instructive to me. It has been in many ways exceedingly painful, because what I saw was deeply distressing. But it has enabled me to have a fuller conception than ever of the extraordinary suffering and hardships of the people of France in the baptism of cruel fire, through which they have passed."

At one place a pleasant incident occurred. The President's car stopped to get oil, and a little group of people of the village, together with some who had driven out from Montdidier, gathered around the car and chatted. The President and Mrs. Wilson were presented with several bouquets of flowers brought by children.

The party had lunch at a half-repaired inn at Soissons, where a great crowd of poilus gathered to meet the President. The party also visited the site of the "big Bertha," which a year ago today opened fire on Paris.

ATTEMPTED MURDER

The quiet of the southeastern section of the city was disturbed yesterday afternoon by an altercation between two negroes in a rooming house on Gibbon street. One of the disputants carried a pistol, and he brought the colloquy to a sudden halt by using the weapon on his adversary. His victim is now at the hospital in a serious condition from a wound in the shoulder.

There have been nine murders in Alexandria city and county in less than a year, pistols being used on each occasion. The city code contains a law which makes it a misdemeanor to sell toy pistols of any description to minors, but there is no statute which makes it an offense for shopkeepers to sell deadly weapons to adults, white or colored, who may desire such pocketpieces.

Many negroes go armed. A pistol is looked upon by such outlaws as the sine qua non of their attire. Complaints are chronic in other cities where irresponsible persons are allowed to purchase firearms ad libitum.

A young negro man was in the Police Court last week to answer the charge of carrying a pistol. Failing to find it necessary to use the weapon upon some human being, he loaded the weapon and began to discharge at the Southern Railway round house when he was arrested by a special officer. When arraigned before the court he grinned when asked what he was doing with a pistol. He acknowledged he carried it in defiance of the law with which he is acquainted. A fine of one hundred dollars was imposed, and in default of payment he was sent to jail for ninety days.

CAPITAL AND LABOR

Many years ago the late Rev. Dr. Tallmage delivered a sermon on relations which he thought should exist between employers and employees. He took his text from the book of Ruth, one of the prettiest of the many tracts which compose the sacred writings. The words are in the second chapter, fourth verse: "And, behold, Boaz came from Bethlehem, and said unto the reapers, The Lord be with you. And they answered him, The Lord bless thee."

Rev. Howard I. Stewart, pastor of the Second Baptist Church, of Washington, last night spoke on "The duties of a workman to his employer." Among other things he sad: First, to avoid strikes, as they are not noly useless but expensive. Second, to be a law-abiding citizen. If the laws are wrong, he can right them by the ballot.

Third, to make his employer's interest his own, which means, to do his share of the work and not allow inefficiency to hamper his own earnings or those of his employer.

Fourth, to recognize the right of an employer to discharge an immortal or inefficient man.

"The greatest creed for the working man," said the pastor, "is to make Jesus Christ the great foreman it."

and allow the little spark called conscience to have its say and abide by

LEAGUE OF NATIONS

Representative J. Thomas Heflin, of Alabama, who spoke several years ago at a banquet given by R. E. Lee Camp, Confederate Veterans, and later at a banquet of Alexandria-Washington Lodge of Masons, delivered an address in the Eighth street Jewish Temple, Washington, yesterday, in which he sustained President Wilson in his movement for a league of nations. Among other things he said:

"I have never known a mother, who had lost a son in the great war, speak against the league of nations.

"People who are against the league of nations are in favor of the munition manufacturers and gun factories rather than the boys who died on the battlefield. The league of nations will do away with ruthless warfare, but unless we form some such a league for our future defense some leader who desires military glory as did the Kaiser, will break forth again within the next twenty years."

Mr. Heflin predicted that many of the thirty-nine Senators who had signed the round robin objecting to the league of nations would be requested by their constituents to resign.

RESOLUTIONS

Be It Resolved, That a Democratic Primary Election, to select a Democratic nominee for Congress from the Eighth Congressional District, to be voted at the special election to be called by the Governor of Virginia, to fill the vacancy caused by the declination to qualify of the Honorable C. C. Carlin, be held in the Eighth Congressional District of Virginia, on Tuesday, April 22, 1919, from sunrise to sunset of that day, at the usual voting precincts in each county and town and in the City of Alexandria.

Resolved Further: That the Local Democratic Committees of each county and of the city of Alexandria shall arrange for the judges and clerks and for conducting the primary in their respective counties and in the city of Alexandria.

Resolved Further: That the ballots shall be printed under the direction of the Chairman of the Eighth District Democratic Committee and sent to the Chairmen of each local democratic committee in this District at least five days prior to the date fixed for the Primary so that said ballots may be distributed to the proper judges of election in due time.

Resolved Further: That the ballots shall be counted by the judges and clerks of election and the tabulated return sent with the ballots to the chairmen of each Local Democratic Committee within twenty-four hours after the primary is held.

Resolved Further: That said Local Chairmen shall seal and preserve said ballots for a period of thirty days, and send the tabulated returns forthwith by registered mail to Gardner L. Boothe, Chairman of the Eighth District Democratic Committee, Alexandria, Virginia, in order that the Eighth District Democratic Committee may take action thereon.

Resolved Further: That all white Democrats who were qualified to vote at the last Congressional election, held in November 1918, and those white Democrats who have become qualified voters since, shall be allowed to vote at this election.

Resolved Further: That all candidates shall file their written notices of candidacy with Gardner L. Boothe, Chairman of the Eighth District Democratic Committee, Alexandria, Virginia, on or before April 1, 1919.

Further Resolved: That all candidates must deposit with the said Chairman of the Eighth District Democratic Committee, on or before noon on April 5, 1919, their pro rata share of two thousand dollars to cover the expenses of the primary.

Further Resolved: That should only one candidate file his written notice of candidacy, or should only one candidate deposit his pro rata share of the above mentioned expenses of the primary, that then that candidate shall be declared the Democratic nominee at the special election to be called by the Governor of Virginia.

Children's Colds—

To make your distressed baby easy and comfortable, give *Foley's Honey and Tar.*

It is just what children ought to have for feverish colds, coughs, "snuffles" and tight wheezy breathing. It stops croup, too.

Foley's Honey and Tar tastes good and the little ones like it. It contains no morphine, chloroform or other drugs that you would not like to give the young children. *Do not accept a substitute.*

"My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of Foley's Honey and Tar every three hours and it surely did help him. He hasn't been sick a day since." Mrs. B. H. Garrett, Schoolfield, Va.

NEWS OF THE DAY

The day the Twenty-seventh (New York) division cracked the Hindenburg line, it received orders to rest from the British general commanding the sector, but instead sent back word "to hell with the rest—give us a barrage," declared the Rev. Francis Kelly, of Albany, "Fighting Chaplain of the Twenty-seventh," in an address in New York Saturday night. The division finally rested, he said, when, after an entire day spent "mopping up" German machine gun nests, it received from a British airplane, circling overhead, a note which read: "The Germans have evacuated, and the Hindenburg line is yours."

The bolshevik invasion of the Ukraine has resulted in pogroms in which thousands of Jews were massacred, 5,000 being killed or wounded in Proskurov, according to cable messages from the Copenhagen Zionist bureau made public last night in New York by the Zionist organization of America. Hundreds of Jews were killed in Berdichev, Zhitomir and other places, said the message, which declared the progroms were investigated by Polish antisemites.

Discovery of a fragment of newspaper in the trouser pocket of Dr. Walter K. Wilkins is regarded by Nassau County, N. Y., police as one of the most important links in the chain of circumstantial evidence they are constructing in the investigation into the murder of Mrs. Wilkins on February 27 last and for which Wilkins is indicted. This piece of paper is believed to be the missing part of the Lynnbrook newspaper which was wrapped about the hammer with which the woman was killed and which Dr. Wilkins claims he had never seen.

Radical sailors and the seamen's union in Hamburg were reported yesterday to be near a clash as the result of a dispute over manning the merchant ships to be taken over by the allies for carrying food. The radicals, who are in the minority, are said to have threatened to bombard the food ships from the Cuxhaven fortifications and to attack Hamburg and Bremen, unless the allies promise to retain German sailors aboard and restore the ships to Germany after peace is signed. On the other hand, the seamen's unions have voted to support the armistice provisions and navigate the ships for the allies.

Denouncing the government of the United States and sounding praise for the Russian Bolsheviki regime, radicals nationally known for hours harangued several thousand reds at the Coliseum in Chicago yesterday. The speakers predicted Bolshevism would rule the United States and that the Soviet government would replace the present government and reiterated that the late war was started by the capitalistic class.

Troops of the Eighth United States cavalry under Capt. Kloepfer returned to Marfa, Texas, early yesterday from a pursuit across the border of Mexican bandits, bringing with them 35 cattle and two horses which had been driven from Nunez by the raiders yesterday. Capt. Kloepfer reported that he had overtaken the Mexicans 18 miles south of Ruidosa and that five of them had been killed in the resulting skirmish, None of the Americans was hurt.

Mrs. Frank Criser, who recently moved to Kitzmiller, Md., from Dobbin, W. Va., committed suicide Saturday night. She drove a nail in the wall and, making a noose with a portiere cord, jumped off the bed. Mrs. Criser had been in bad health and had been brooding over the death of her son at Camp Lee last October from influenza.

Telegrams received in London up to Sunday evening show a continued improvement in the situation in Egypt, but that the delta region is still disturbed. Bedouins attacked a detachment of British troops in the province of Fayum, middle of Egypt, but were repulsed with losses.

One hundred and fifty truck loads of ammunition exploded at the Grimle station, Brussels, Friday morning, and the detonations continued throughout the day. Many buildings were damaged by the exploding shells at Tirlemont. Numerous casualties resulted.

VIRGINIA NEWS

Patrick H. Lynch, roadmaster on the Valley division of the Southern Railway, died early Thursday morning in Staunton from injuries received two days before, when he was thrown from a railway motorcycle which jumped a switch in Staunton yards. G. E. Rohr, trainmaster, of Strasburg, and M. W. Woodyard, track supervisor, of Harrisonburg, who also were on the car, were thrown off, but escaped injury. Mr. Lynch was picked up in an unconscious condition and removed to a hospital, where he remained until his death without regaining consciousness. Mr. Lynch had been with the Southern Railway the greater part of his life, and had recently returned to Price William after being transferred to Greensboro, N. C.

The Chamber of Commerce has taken up the question of providing a better water supply for Culpeper.

STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the *real* cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

If you have a bad taste in your mouth, tongue coated, appetite poor, lazy, don't-care feeling, no ambition or energy, troubled with undigested foods, you should take Olive Tablets, the substitute for calomel.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without griping, cramps or pain.

Take one or two at bedtime for quick relief, so you can eat what you like. At 10c and 25c per box. All druggists.

At a meeting held last week the proposition, frequently discussed informally, of the building of a storage basin was discussed in all of its phases. The secretary of the Chamber was instructed to furnish the Town Council with the estimates of cost, etc., and to urge favorable action on the proposition. The Council will probably take the matter up at the next regular meeting of that body. The improvement is greatly needed.

Richmond's third fatality from sleeping sickness occurred Saturday when Horace Fourqurean, eight years old, succumbed to the malady at Virginia hospital. The child had been in a state of coma since March 6, being aroused at intervals for nourishment. He was a son of Albert Fourquerean, of South Richmond.

James A. Tate and K. J. Hammond, naval aviators, who were killed Friday at Pensacola, Fla., in a hydro-airplane accident, were from Shelbyville, Tenn., and Culpeper respectively, it was learned at the naval air station.

William R. Dance, charged with embezzling $6,000 from the Danville Creamery, of which he was secretary and treasurer, was arrested Friday while endeavoring to escape from the home of his father. In a statement made soon after his arrest he admitted making a confession of thefts covering a period of 18 months, but said that he was led to believe that if he deeded his house and automobile to the concern no further steps would be taken.

For Skin Tortures

Don't worry about eczema or other skin troubles. You can have a clear, healthy skin by using Zemo, obtained at any drug store for 35c, or extra large bottle at $1.00.

Zemo generally removes pimples, blackheads, blotches, eczema and ringworm and makes the skin clear and healthy. Zemo is a clean, penetrating, antiseptic liquid, neither sticky nor greasy and stains nothing. It is easily applied and costs a mere trifle for each application. It is always dependable.
